Hi Mary!

Just spoke with Claudia. Some time ago you connected me with Jonathan on getting response documents on the two greenpeace FOIAs (please see conversation below).

I've reached out to him a number of times since then with emails and phone calls, but with no luck. I did talk with him once back in Dec to explain what was needed and I sent him details (who/what etc.)

Perhaps you can help us. We'll need to get response documents from all AO folks and I suspect you'll want to look at them first!

Thanks.

Greetings Eric. Mary suggested that I speak with you.

ORD is looking to wrap up some long overdue FOIAs - we're on a tight deadline to finish these. It seems that there's a high possibility of there being response documents from OA. Can you assist us in this matter?

Best,

jose

Hi Mary!

ORD has two outstanding FOIAs that we need to make sure we get the relevant documents from OA. I'm not aware that it's been accomplished.

Here's the first: I'll send the other in a second email.

Number 1 is from Greenpeace for the dates April 30, 2012 to June 1, 2012 only.

It's for: documents related to details on all meetings and correspondence between EPA and the API, BP, Exxon Mobil, Chesapeake Energy, Chevron, and any other O&G industry representative, as well as CEQ, DOE, and the WH's Domestic Policy Council *specifically regarding ORD's HF study*.

Thanks a great deal for any help you can provide.
